## SA SOUTH AMERICA FLORAL GIN

We created this floral gin with South American flavors out of our passion for travelling and food. This floral gin has a full-bodied and warm taste. Discover the warmth our brew. We brought a foundation of Juniper berries, in addition to a perfect balance of Cacao, Stevia leaf's, Cola nuts flavors, together with Roses and Mango. These ingredients ensure a full-bodied gin with a subtle floral twist. This Belgian gin is distilled and produced in small batches by our expert artisans in order to guarantee the highest quality. We invite you to take a "sip of the world", preferably pure straight or with a neutral tonic.
